2020-2021

### SKILLS

- C# / .NET
- ASP.NET MVC
- MSSQL
- Code First
- Angular / HTML / CSS / Bootstrap
- Figma
- Adobe Design/Editing Apps.

### LANGUAGES

- English

### ABOUT ME

I enjoy continuously expanding my knowledge and experience and stepping into new technologies. Teamwork is not only a skill for me, it is also a passion. Sharing responsibilities, working collaboratively and harmonizing within a team to achieve common goals is one of my natural talents.

I have an energetic, cheerful and dynamic personality. I am adaptable and can quickly adapt to changing circumstances. While closely following current technologies, I am always open to development and innovation, which allows me to constantly move forward.

I see coding not only as a task, also as a passion and an art. I love learning and developing projects because it involves not only gaining knowledge, it is also creative thinking and problem solving.

### PROJECTS

#### Deanery of Research Information Processing System

10.2023 - Continues

Düzce University
